

**Assurance Statement related to
Greenhouse Gas Emissions and Energy Inventory CY 2017 and FY 2017
Prepared for Gap, Inc.**

Terms of Engagement

This Assurance Statement has been prepared for Gap, Inc. (Gap).

Lloyd's Register Quality Assurance, Inc. (LRQA) was commissioned by Gap to assure its greenhouse gas (GHG) emissions inventory and energy consumption for the calendar year 2017 and fiscal year 2017 (hereafter referred to as "the Report").

The Report relates to Scope 1, Scope 2, and Scope 3 (air travel and rental car) GHG emissions and the energy consumption in Gap's global operations for both calendar year 2017 (CY 2017), and fiscal year 2017, covering the period February 1, 2017 to January 31, 2018 (FY 2017).

Management Responsibility

Gap's management was responsible for preparing the Report and for maintaining effective internal controls over the data and information disclosed. LRQA's responsibility was to carry out an assurance engagement on the Report in accordance with our contract with Gap.

Ultimately, the Report has been approved by, and remains the responsibility of Gap.

LRQA's Approach

Our verification has been conducted in accordance with ISO 14064–3:2006 *Specification with guidance for validation and verification of greenhouse gas assertions* to provide limited assurance that GHG emissions and energy consumption data as presented in the Report have been prepared in conformance with the World Resources Institute/World Business Council for Sustainable Development (WRI/WBCSD) Greenhouse Gas (GHG) Protocol, Revised edition.

To form our conclusions the assurance engagement was undertaken as a sampling exercise and included the following activities:

- Conducted phone interviews with the key personnel responsible for collecting, recording and reporting Gap's GHG emissions and energy consumption data;
- Reviewed Gap's systems for collecting, recording and reporting data;
- Reviewed data sources, including raw data, internal reports and calculation data; and
- Reviewed information and data presented by Gap in its final summary of GHG emissions and energy consumption.

Level of Assurance & Materiality

The opinion expressed in this Assurance Statement has been formed on the basis of a limited level of assurance and at a materiality of the professional judgment of the verifier.

LRQA's Opinion

Based on LRQA's approach nothing has come to our attention that would cause us to believe that the total Scope 1, Scope 2 and Scope 3 GHG emissions and the energy consumption disclosed in the Report, as summarized in Table 1 and Table 2 below, are not materially correct and have not been prepared in conformance with the WRI/WBCSD GHG Protocol, Revised edition.

LRQA's Independence

LRQA is the 3rd party assurance provider for Gap's GHG emissions inventory, energy consumption data and water consumption data. These assessments are the only work undertaken by LRQA for Gap and as such do not compromise our independence or impartiality.

Signed

Dated: 30 May 2018

Table 1. Summary of Gap, GHG Emissions CY 2017 and FY 2017

Scope of GHG emissions	CY 2017 Tonnes CO ₂ e	FY 2017 Tonnes CO ₂ e
Direct GHG emissions (Scope 1)	25,157	26,320
Energy indirect GHG emissions – Location-based (Scope 2)	383,028	382,822
Energy indirect GHG emissions – Market-based (Scope 2)	379,439	379,183
Other indirect GHG emissions (Scope 3-Business Travel)	40,240	40,240

Table 2: Summary of Gap, Energy Consumption CY 2017 and FY 2017

Scope of Energy Consumption	CY 2017 MWh	FY 2017 MWh
Total Scope 1	136,977	143,357
Total Scope 2	953,101	952,922

This Assurance Statement is subject to the provisions of this legal section:

This Assurance Statement is only valid when published with the Report to which it refers. It may only be reproduced in its entirety.

Lloyd's Register Group Limited, its affiliates and subsidiaries, including LRQA, Inc., and their respective officers, employees or agents are, individually and collectively, referred to in this Legal Section as 'Lloyd's Register'. Lloyd's Register assumes no responsibility and shall not be liable to any person for any loss, damage or expense caused by reliance on the information or advice in this document or howsoever provided, unless that person has signed a contract with the relevant Lloyd's Register entity for the provision of this information or advice and in that case any responsibility or liability is exclusively on the terms and conditions set out in that contract.

Due to inherent limitations in any internal control, it is possible that fraud, error, or non-compliance with laws and regulations may occur and not be detected. Further, the verification was not designed to detect all weakness or errors in internal controls so far as they relate to the requirements set out above as the verification has not been performed continuously throughout the period and the verification carried out on the relevant internal controls were on a test basis. Any projection of the evaluation of control to future periods is subject to the risk that the processes may become inadequate because of changes in conditions, or that the degree of compliance with them may deteriorate.

The English version of this Assurance Statement is the only valid version. Lloyd's Register assumes no responsibility for versions translated into other languages.

In the case of any conflict between the English and other versions of this legal section, the English version shall prevail.
